

# **Love of Truth Ministries**

**July Newsletter, 2011**

To all our family and friends: Greetings in the Lord!

Recently, things have been exciting and there is much to tell. Below are some of the highlights of what has happened, as well as what is in store for the future!

## ▪ **Justice For All Training and Outreaches**

As many of you are aware from our last newsletter, *Love of Truth Ministries* (LOTM) is in partnership with Justice For All (JFA). JFA is a national pro-life ministry that visits university campuses and engages people in dialogue on the topic of abortion (visit [jfaweb.org](http://jfaweb.org)).

### **Pro-Life Training**

On June 25<sup>th</sup>, LOTM conducted an exciting pro-life training. This training included a crash course in general pro-life apologetics, as well as specific training for the San Antonio Area chapter of the Justice For All Ministry. During this time participants learned the basics of abortion and were mentored by Dr. Daryl and his wife, Colleen on how to dialogue on this topic on a personal level, as well as for the specific San Antonio outreach.

## ***Justice For All Outreach***

In order to put what we preach into practice, the S.A. JFA team participated in an amazing outreach in front of the Alamo! Using poll-tables and surveys, there were numerous occasions where we were able to educate people on the truth of abortion. In addition, there were several spiritual conversations that resulted. For example, a few of our volunteers were able to share the gospel with a young woman who had recently converted to Islam. Also, I, myself, along with a couple of others were able to (by God's power and grace), pray with a young man named Daniel to receive Christ as his personal Savior!

## ***What's Next?***

### **AWANAS: Worldview Seminar Workshop**

On October 15<sup>th</sup> (2011) at First Baptist Universal City, Texas, I will be conducting a Worldview Seminar Workshop for the South Central Texas AWANA Fall Ministry Conference. During this event, I will be training AWANA leaders to learn for themselves, as well as train other young people to approach their world from a biblical Christian perspective.

### **Pro-Life Ministry**

LOTM will conduct their next JFA training and outreach sometime in September or October of 2011. LOTM takes trainees to downtown San Antonio by the Alamo- a perfect cross-section of the populace, including locals and visiting tourists. **If you are interested in an upcoming training or outreach, please contact me.**

May God bless you all!
